KEE SPA

Inspired by the heritage of Ama Siu Gee, the founding mother of The Kee, the Kee Spa is a timeless place to experience a sensory heaven of healing touch and exotic aromas. Wanting guests to have a place to rest and recharge, the holistic approach of the spa is focused on using unique Phuketian and international ingredients and treatments that enable guests to feel good.

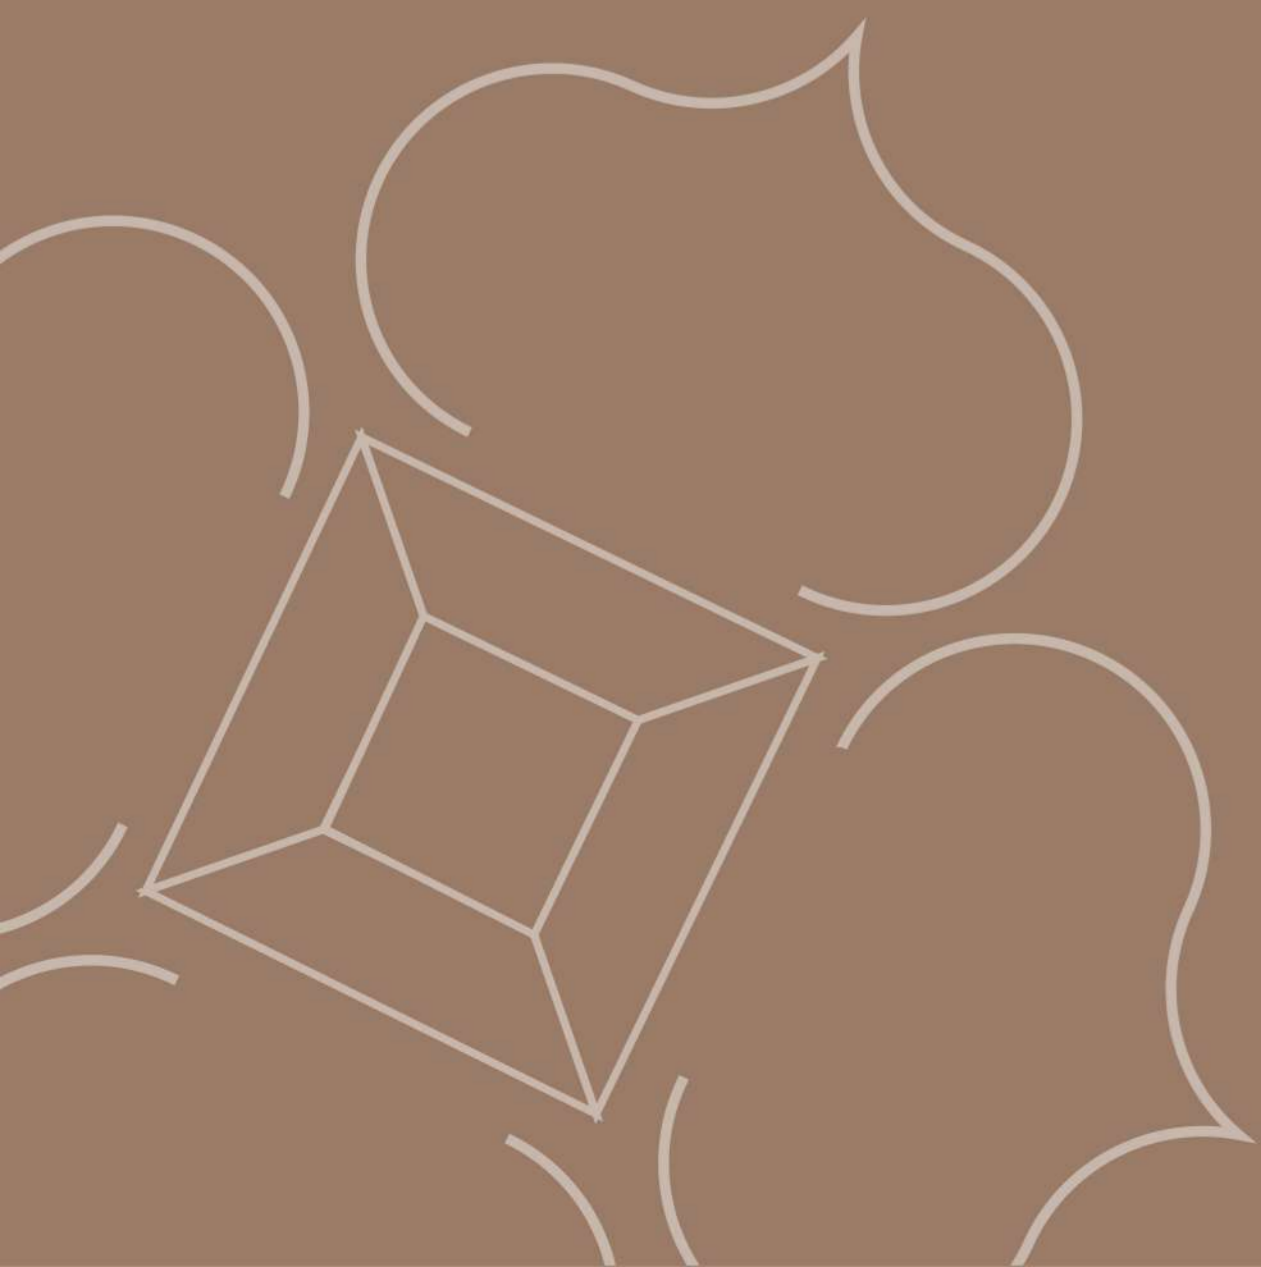

Combining influences from earth, water, wind and fire, we aim to let you have an experience you will treasure, like a vivid memory of good times growing up.

The **Earth** inspired our signature treatment, the Phuketian Mineral Stone Oil Massage, using minerals found in Phuket's soil.

Water inspired our selection of soothing steam room and aromatic baths rituals, while the **Wind** made us think about the sound of the sea, when you hold a conch shell to your ear, or the sound of sea shells breaking under your feet when you walk on the beach.

When we developed our signature Aromatic Warm Candle Massage, we tried to harness the power of **Fire** to create an experience that is different from most other spas.

We hope you will enjoy your treatment here at the Kee Spa and we welcome your feedback as we're always looking for ways to improve the guest experience.
